

Machining Instructors

The Aerospace Machinists Joint Training Committee (AMJTC) has a need for:

- Experienced machinists to teach aircraft-oriented machining classes
- Experienced people to teach specialty trainings, such as print reading, GD&T and short-term basic manufacturing training

Teaching Opportunities are available in the following counties and areas:

- King
- Pierce
- Snohomish
- Spokane
- Tri-Cities

Qualifications:

- Journey-level machinist or equivalent required
- At least five years experience as a machinist preferred
- Prior teaching or mentoring experience preferred

Benefits include:

- Competitive pay
- Part-time/evening hours
- Instructor training
- Opportunity to become an even more valuable resource to your industry

Employer Information: The AMJTC is a statewide state funded non-profit organization. The purpose of the AMJTC is to support the mission of the Aerospace Joint Apprenticeship Committee (AJAC), www.ajactraining.org. With offices located in Seattle and Spokane, AJAC is dedicated to developing, implementing and maintaining thriving aerospace apprenticeship programs for the purpose of creating highly skilled aerospace workers and connecting employers and work seekers of Washington State.

Required application documents: To be considered for this position, reference **Machining Instructors** in the subject line and submit the following information to instructors@ajactraining.org:

- Cover Letter
- Resume
