

Aviation Maintenance Instructors

Washington State education organizations are assembling a pool of instructors statewide to support a variety of aviation maintenance education programs.

Teaching opportunities are available in any of the following cities:

- Everett
- Lakewood
- Moses Lake
- Seattle
- Spokane

Qualifications:

- Licensed A&P Mechanic
- At least five years experience as an A&P Mechanic preferred
- Prior teaching experience preferred, but not required

Benefits include:

- Competitive pay
- Full or part-time hours
- Opportunity to become an even more valuable resource to your industry

How to Apply?

Visit the Center of Excellence for Aerospace's **web site** and upload your resume:
