

AN AS9100 REGISTERED COMPANY

Triage Specialist at Electroimpact in Mukilteo WA.

Electroimpact specializes in aircraft assembly automation. Our core businesses are [Robotics](#), [Automated Fiber Placement](#), [Automated Riveting Machines](#) and [Wing Assembly Lines](#). Learn more about Electroimpact at: <https://www.electroimpact.com/Company/About.aspx>

Electroimpact is seeking 1 self-directed individual to join our team in helping with our manufacturing and routing processes during the day. This position is focused on triaging parts out of receiving and into the inspection workflow or directing parts not being inspected to the person who ordered them. This person is responsible for prioritizing, documenting and receiving parts and routing them on to the next step. Other tasks could include moving items from small packages and pallets using forklifts and electric trucks on campus and driving locally to drop off and pick up parts using Electroimpact or your personal vehicle.

To qualify for this position you must be:

- Able to work unsupervised for the majority of your shift.
- Able to read, write, hear and communicate in English verbally and with a computer using MS Office.
- Frequently required to stand; walk; use hands to handle or feel; reach with hands and arms over the head; bend, kneel, and lift up to 35 lbs. unassisted.
- Able to operate forklifts.
- Over 18 years old.
- Have at least a high school diploma or equivalent.
- In possession of a valid driver's license
- Able to furnish proof of eligibility to work in the U.S.
- Qualified applicants will be asked to complete a background check and drug testing.

Ideal candidates will have:

Good attention to detail; ability to follow verbal and written directions; ability to remember; organizational skills (use a list); problem-solving skills; experience securing loads; evidence of a steady hand, and good references. Work is regularly performed in a shop environment and is regularly exposed to dust, odors, oil, fumes and noise. Includes exposure to outside elements when travelling between buildings. Standard days and hours of work are Monday through Friday generally during business hours of 7am to 4pm. The position may require work outside regular business hours and overtime when the need arises. This is a full-time, permanent, hourly position with medical, dental, vision, profit sharing, and retirement benefits. Please go to this web address to apply:
