

## **Industrial Maintenance Technician: Welding Instructor**

**Job Title:** Industrial Maintenance Technician: Welding Instructor

**Organization:** Aerospace Joint Apprenticeship Committee (AJAC)

**Location Address:** Bellingham Technical College | 3028 Lindbergh Ave, Bellingham, WA 98225

**Position Type:** Part-Time | 50 Hours over 12 Weeks

**Compensation:** \$39.00/Hour

**Travel Required:** This position requires travel to Bellingham Technical College one night a week during the course of the 12 weeks.

**Required Experience:** Minimum 5 years' experience as a maintenance welder in the aerospace-oriented manufacturing industry

**Who We Are:** The Aerospace Joint Apprenticeship Committee (AJAC) is a statewide non-profit organization with offices in south Seattle, Kent, and Spokane. We are an industry-driven apprenticeship organization, founded on the belief that mastery occurs on the job. Through pre-apprenticeship, youth apprenticeship and adult apprenticeship, all people have the opportunity to earn competitive wages, find meaningful and fulfilling work, and pursue lifelong learning. The organization annually serves 300+ manufacturing employers, 400 apprentices (including 100 high school juniors and seniors), and nearly 270 pre-apprentices. We have a small staff of entrepreneurial, smart and motivated team members – this work is fast and dynamic but also rewarding and highly collaborative.

**About this Job:** We are seeking an innovative and experienced industrial maintenance welder to instruct a welding class at Bellingham Technical College. Instructors use AJAC's curriculum to teach current apprentices a variety of key industrial maintenance concepts and skills in both a classroom and lab environment.

Some key duties of this position include:

- Teach apprentices welding and cutting skills commonly used for industrial maintenance applications.
- Use our online system to report apprentice attendance and progress on a weekly basis
- Able to adapt to a variety of teaching situations, including working effectively in both the classroom and the lab environment
- Establish safety guidelines and manage conduct of students as appropriate for the classroom and shop
- Work with the Program Director and make suggestions regarding the curriculum to ensure apprentices receive training in machining operations that address industry needs
- Participate in instructor training and curriculum development meetings
- Communicate effectively in oral and written English
- Perform other duties assigned

**Qualifications:**

- Industry knowledge and experience in any maintenance welding
- Ability to work with diverse populations in a team environment
- Apply common sense understanding in carrying out instructions furnished in written, oral, or diagram form
- Excellent communication skills

**Preferred Qualifications:**

- Journey-Level welder or equivalent
- Prior experience teaching or mentoring in a college, technical, or vocational environment
- Current first aid and CPR certification

**How to Apply:** Please send your resume and letter of interest to [employment@ajactraining.org](mailto:employment@ajactraining.org). Please include "Welding Instructor" in the subject line.

**Deadline to Apply:** Open Until Filled

**Equal Opportunity Employer:** AJAC is an Equal Opportunity Employer. All decisions concerning employment will be made without regard to age, race, ethnicity, color, religion, creed, sex, sexual orientation, gender identity or expression, national origin, marital status, citizenship status, veteran status, the presence of any physical or mental disability, or any other status or characteristic protected by federal, state, or local law.
