College Credits

All interested applicants must complete the Manufacturing Academy Online Application at www.ManufacturingAcademy.org.

After you apply, an AJAC representative will contact you to explain the enrollment process and steps to enter the program at no-cost.

Students will be involved in structured job search activities and will be linked with a Career Navigator during the 10-week program. While working with the Career Navigator, you will explore career pathways through AJAC's portfolio of apprenticeship programs in advanced manufacturing!
