Share your Skills and Experience
BECOME A MENTOR!

AJAC is looking for experienced machinists to mentor AJAC apprentices during their on-the-job training (OJT).

Who can Become a Mentor?
You can, if you are:
• Considered the expert in your area
• Interested in sharing your knowledge and skills
• Eager to help an apprentice grow and learn

What are the Benefits?
• Recognition as a leader
• Added respect of your co-workers and management
• Passing on your years of experience
• Seeing your legacy live on

What are the Requirements?
• Being available to the apprentice assigned to you
• Following procedures to evaluate your apprentice
• Helping to develop your apprentice’s skill level
• Demonstrating professionalism and safety at all times

If you are qualified to be a mentor and are interested in passing on your knowledge and skills, please contact Jeff Pearson at 206-737-8341 or jpearson@ajactraining.org
